

INDEX

Digest of Independent Science on Turf Pesticides and Children's Health

CANCER

1. [Pesticide Exposure as Risk Factor for Non-Hodgkin Lymphoma Including Histopathological Subgroup Analysis.](#) Eriksson, Hardell, Carlberg and Akerman. International Journal of Cancer: 123, 1657-1663 (2008).
2. [Childhood Brain Tumors, Residential Insecticide Exposure, and Pesticide Metabolism Genes.](#) Neilsen, McKean-Cowdin, et al. Environmental Health Perspectives 118(1):144-149 (2010).
3. [Residential Pesticides and Childhood Leukemia: A Systematic Review and Meta-Analysis.](#) Turner, Wigle and Krewski. Environmental Health Perspectives 118(1):33-41 (2010).
4. [Pesticides and Cancer: Insights into Toxicoproteomic-Based Findings.](#) George and Shukla. Journal of Proteomics 74: 2713-2722 (2011).
5. [Characterization of Residential Pesticide Use and Chemical Formulations through Self-Report and Household Inventory: The Northern California Childhood Leukemia Study.](#) Guhla, Ward, et al. Environmental Health Perspectives 121(2):276-282 (2013).
6. [Residential Exposures to Pesticides and Childhood Leukemia.](#) Metayer and Buffler. Radiation Protection Dosimetry 132(2):212-219 (2008).
7. [Household Exposure to Pesticides and Risk of Childhood Acute Leukemia.](#) Menegaux, Baruchel, et al. Occupational and Environmental Medicine 63:131-134 (2006).
8. [Association Between Chronic Exposure to Pesticides and Recorded Cases of Human Malignancy in Gaza Governorates \(1990-1999\).](#) Safi, Jamal M. The Science of the Total Environment 284:75-84 (2002).
9. [A Case-Control Study of Childhood Brain Tumors and Fathers' Hobbies – A Children's Oncology Group Study.](#) Rosso, Hovinga, et al. National Institutes of Health, Cancer Causes Control 19(10):1201-1207 (2008).
10. [Reported Residential Pesticide Use and Breast Cancer Risk on Long Island, New York.](#) Tietelbaum, Gammon, et al. American Journal of Epidemiology 165(6):643-651 (2007).
11. [Parental Occupational Exposure to Pesticides and Childhood Brain Cancer.](#) Wijngaarden, Stewart, et al. American Journal of Epidemiology 157(11):989-997 (2003).
12. [In Utero Pesticide Exposure and Leukemia in Brazilian Children <2 Years of Age.](#) Ferreira, Couto, Pombo-de-Oliveira, and Kolfman. Environmental Health Perspectives 121(2):269-75 (2013).

NEUROLOGICAL EFFECTS

13. [Pesticide Toxicity and the Developing Brain.](#) Eskenazi, Rojas, Marks, et al. Basic & Clinical Pharmacology & Toxicology, 102, 228-236 (2008).

14. [Neurobehavioral and Neurodevelopmental Effects of Pesticide Exposures](#). London, L. et al. *NeuroToxicology* 33 887-896 (2012).
15. [Exposures of Children to Organophosphate Pesticides and Their Potential Adverse Health Effects](#). Eskenazi, Bradman and Castorina. *Environmental Health Perspectives* 107(supl 3):409-419 (1999).
16. [Prenatal and Childhood Exposure to Pesticides and Neurobehavioral Development: Review of Epidemiological Studies](#). Jurewicz and Hanke. *International Journal of Occupational Medicine and Environmental Health* 21(2): 121-132 (2008).
17. [Brain Anomalies in Children Exposed Prenatally to a Common Organophosphate Pesticide](#). Rauh, Perea, et al. *Proceedings of the National Academy of Sciences*, (March 2012).
18. [Prenatal Exposure to Organophosphates, Paraoxonase 1, and Cognitive Development in Childhood](#). Engel, Wetmur, et al. *Environmental Health Perspectives* 119(8):1182-1188 (2011).
19. [Fetal Exposure to Propoxur and Abnormal Child Neurodevelopment at 2 Years of Age](#). Ostrea, Jr., Reyes, et al. *NeuroToxicology* 33 669-675 (2012).
20. [Neurodevelopmental and Neurobehavioral Effects of Organophosphate Pesticides Exposure in Newborns and Children](#). Florian, Cristina, et al. *Environmental Security Assessment and Management of Obsolete Pesticides in Southeast Europe*. Springer Netherlands, 2013. 139-145.
21. [Review of Current Evidence on the Impact of Pesticides, Polychlorinated Biphenyls and Selected Metals on Attention Deficit/Hyperactivity Disorder in Children](#). Polanska, Jurewicz, and Hanke. *International Journal of Occupational Medicine and Environmental Health* 26(1):16-38 (2013).
22. [Parental Occupational Exposure to Pesticides as Risk Factor for Brain Tumors in Children and Young Adults: A Systematic Review and Meta-analysis](#). Van Maele-Fabry, Hoet, and Lison. *Environment International* 56:19-31 (2013).

ENDOCRINE DISRUPTION

23. [Pesticides and Children](#). Garry, Vincent F. *Toxicology and Applied Pharmacology* 198:153-163 (2004).
24. [Toxic Effects of Pesticide Mixtures at a Molecular Level: Their Relevance to Human Health](#). Hernandez, Parron, et al. *Toxicology: Article In Press* (June 21 2012).
25. [Persistent Developmental Toxicity in Rat Offspring After Low Dose Exposure to a Mixture of Endocrine Disrupting Pesticides](#). Jacobsen, Axelstad, et al. *Reproductive Toxicology* 34:237-250 (2012).
26. [Neurodevelopment and Endocrine Disruption](#). Theo Colborn. *Environmental Health Perspectives* 112(9):944-949 (2004).
27. [Endocrine Disrupting Pesticides: Implication for Risk Assessment](#). McKinlay, Plant, Bell and Voulvoulis. *Environmental International* 34:168-183 (2007).
28. [Currently Used Pesticides and Their Mixtures Affect the Function of Sex Hormone Receptors and Aromatase Enzyme Activity](#). Kjeldsen, Ghisari, and Bonfeld-Jørgensen. *Toxicology and Applied Pharmacology* (2013).

29. [Effect of Nonpersistent Pesticides on Estrogen Receptor, Androgen Receptor, and Aryl Hydrocarbon Receptor](#). Medjakovic, Zoechling, et al. Environmental Toxicology (2013).

ASTHMA

30. [Respiratory Symptoms in Children and Exposure to Pesticides](#). Salameh, Baldi, et al. European Respiratory Journal 22:507-512 (2003).

31. [Gene-Environmental Interactions and Airway Disease in Children](#). Schwartz, David A. Pediatrics, Official Journal of the American Academy of Pediatrics 123:S151-S155 (2009).

32. [Identifying and Managing Adverse Environmental Health Effects: Pesticides](#). Sanbron, Cole, Abelsohn and Weir. Canadian Medical Association Journal 166(11):1431-1436 (2002).

33. [Pesticides and Asthma](#). Hernandez, Parron and Alarcon. Current Opinion in Allergy and Clinical Immunology 11(2):90-96 (2011).

REPORTS

34. [Commonly Used Pesticides – Human Health & Environment Impacts](#). Updated and Adapted by the Healthy Communities Project, Wisconsin and produced with a grant from the U.S. Environmental Protection Agency, 2006.

35. [Pesticide Exposure in Children](#). Policy Statement, Official Journal of the American Academy of Pediatrics. November 26, 2012.

36. [America's Children and the Environment](#), Third Edition. United States Environmental Protection Agency. January 2013.

37. [President's Cancer Panel 2008-2009 Annual Report: Reducing Environmental Cancer Risk](#). Suzanne H. Reuben. U.S. Department of Health and Human Services, National Institutes of Health, National Cancer Institute. April 2010.

38. [Risks From Lawn-Care Pesticides: Including Inadequate Packaging and Labeling](#). Environment and Human Health. 2003.

39. [Asthma, Children and Pesticides: What You Should Know to Protect Your Family](#). Beyond Pesticides National Coalition Against the Misuse of Pesticides. 2005.

40. [Pesticides and Human Chronic Diseases: Evidences, Mechanisms and Perspectives](#). Mostafalou and Abdollahi. Toxicology and Applied Pharmacology 268(2):157-177 (2013)
